Further reduction of votes of the other shareholders is made in the order based on the number of votes held by different shareholders participating in the Grouping (from the highest number to the lowest number). Further reduction of votes is made until the total number of votes held by the shareholders participating in the Grouping does not exceed 10% of the total number of votes in the Company,
- 3) if, for the purposes of reduction referred to in points 1) or 2), it is not possible to set the order of the reduction of votes because two or more shareholders hold the same number of votes, the votes of shareholders holding the same number of votes shall be reduced proportionally and the fraction shall be rounded down to the full number of shares. For the rest, rules specified in points 1) or 2) shall apply *mutatis mutandis*,

In order to make grounds for the accumulation and reduction of votes, each shareholder of the Company, the Management Board of the Bank, the Supervisory Board of the Bank and different members of these bodies, as well as the Chairman of the General Meeting, can demand that a shareholder of the Company, who is subject to limiting the voting rights, provide them with information on whether he/she is a dominant entity or a subsidiary for any other shareholder of the Company in the meaning of Clause 9.
