Powszechna Kasa Oszczędności Bank Polski Spółka Akcyjna  
including the results of evaluation of the report of the Bank Management Board  
on the activities of the Bank in 2007,  
the financial statements of the Bank for 2007,  
the proposal of the Management Board concerning the distribution of profit  
earned by the Bank in 2007,  
and the 2007 report on the activities of the Supervisory Board as the Bank  
governing body.**

## 1. INTRODUCTION

The Supervisory Board of PKO BP S.A., acting under the relevant provisions of the Commercial Companies Code, hereby submits to the Ordinary General Meeting of PKO BP S.A. its report including the results of evaluation of:

- 1) the report of the Bank Management Board on the activities of the Bank in 2007,
- 2) the financial statements of the Bank for 2007; and
- 3) the motion of the Management Board on the distribution of profit earned by the Bank in 2007,

and the 2007 report on the activities of the Supervisory Board as the company governing body.

### Evaluation of the report of the Bank Management Board on the activities of the Bank

When discussing the Report, the Supervisory Board pointed out the external conditions affecting the activities of the Bank, the long-term growth factors and the main objectives of the financial plan for 2007. The Supervisory Board discussed the balance sheet data as at 31 December 2007, and the financial result for 2007 – the net profit of the Bank was PLN 2.72 bn (at the same it was the highest net profit in the banking sector and the highest in the capital group of the Bank).

In the opinion of the Supervisory Board, the efforts of the Bank Management Board in achieving the objectives assumed in the plans for 2007, allowed the Bank to strengthen its position in the existing and new business areas, to increase business activity and innovation, to intensify sales and to maintain the position of the leader of the Polish banking system in terms of financial results, in spite of the growing competition.

## **Information on the strategic programme implementation**

In April 2007, the Management Board of the Bank adopted the PKO BP S.A. growth strategy for the period 2007-2012 – the “New Opening” (approved by the Supervisory Board of the Bank on 20 April 2007). The pursuance of the Strategy is to be ensured by strategic initiatives along with assigned clear responsibilities and resources necessary for their implementation. Within the strategy, 28 strategic initiatives have been defined, divided into 17 work groups which were appointed in June:

<b>Group I</b>	<b>- Express, Cross-sell and Agencies</b>
<b>Group II</b>	<b>- New Model for Middle Class and Wealthy Clients</b>
<b>Group III</b>	<b>- Visualisation of Branches</b>
<b>Group IV</b>	<b>- Consumer Finance Factory</b>
<b>Group V</b>	<b>- Investment Product Factory</b>
<b>Group VI</b>	<b>- Performance in Mass Segment</b>
<b>Group VII</b>	<b>- New Model in SME</b>
<b>Group VIII</b>	<b>- Public Sector</b>
<b>Group IX</b>	<b>- Medium Enterprises</b>
<b>Group X</b>	<b>- Treasury</b>
<b>Group XI</b>	<b>- Foreign Expansion (Ukraine)</b>
<b>Group XII</b>	<b>- Capital Group Development</b>
<b>Group XIII</b>	<b>- Model Sales and Support</b>
<b>Group XIV</b>	<b>- System of Incentives</b>
<b>Group XV</b>	<b>- Risk and Debt Recovery Improvement</b>
<b>Group XVI</b>	<b>- Credit Analysis Centralization</b>
<b>Group XVII</b>	<b>- Communication</b>

First, the groups were assigned tasks to prepare individual strategic initiatives for implementation. The work was supervised by the Steering Committee which was composed of the members of the Bank Management Board. On the side of the Supervisory Board of the Bank, the supervision was the task of the Strategy Implementation Committee. The project was prioritised and ensured proper support. As a part of the tasks assigned to appointed groups, concepts of implementing individual strategic initiatives were prepared. The majority of developed solutions

were tested by way of conducting pilot implementations between August and December 2007. Developed and tested solutions were implemented in 2007 or approved by the Steering Committee to be completed in 2008.

The most important of them include:

- Consumer Finance Factory – implemented in 2007;
- Investment Product Factory – implemented in 2007;
- Super Express – including solutions developed within groups I, II, III, VI, XIII – implementation in 2008 in five phases (each phase includes subsequent regions) coordinated with ALNOVA implementation;
- New SME – implementation at the same time throughout the whole network, March-April 2008;
- New System of Incentives – implementation at the same time throughout the whole network , starting from January 2008;
- Strategic initiatives in the Corporation Market Area (Groups VIII, IX, X) – partially implemented in 2007, to be continued in 2008;
- Risk and Debt Recovery Improvement – implementation in 2008;
- Credit Analysis Centralization – implementation in 2008.

At the same time, in 2007, a new organizational structure was implemented, which ensured clarity as regards management and clear assignment of responsibilities in individual areas of the Bank activities.

Additionally, in the period under discussion, a new system of planning and accounting for costs and financial result was introduced in the Bank, which has been functioning since the beginning of 2008.

One of the key projects implemented by the Bank in 2007 was, in the opinion of the Supervisory Board, the **implementation of the Integrated Information System**, which was monitored on an ongoing basis by the Bank's IT Infrastructure Development Committee, created at the Supervisory Board.

The most important tasks implemented in 2007 within the Integrated Information System (O-IIS) included:

- 1) with respect to functional development of O-IIS:
  - implementation for production of the O-IIS software, in versions 1.1b, 1.2, 2.1- and 2.1,
  - developing the software for subsequent releases of O-IIS 2.2 and 2.3,
- 2) with respect to product conversion:
  - preparing and carrying out product conversion of the Zorba system instance of the 6<sup>th</sup> and 2<sup>nd</sup> Branch in Warsaw group,
- 3) with respect to mass implementation (the rollout):
  - creating the Rollout Office,
  - preparing and carrying out implementation of the autumn phase of 2007,
  - developing mass implementation plans in 2008,
  - carrying out training for employees in the autumn phase and preparing infrastructure and the process of training for 2008,
- 4) and in the remaining areas:
  - executing Annexes No. 2 and No. 3 to the Agreement for Provision and Implementation of the IIS,
  - implementation of the CSS (Central Support System) software in all branches of the Bank.

#### Functional development of the system

A basic aim of implementing the O-IIS in version 1.1b was to ensure the continuity of calculating Effective Interest Rate (EIR) for credit contracts of Clients from the 6<sup>th</sup> Branch in Warsaw group. The software had been developed by 29 May 2007.

A subsequent release of the software – version 1.2 – containing further functional enhancements, including reclassification functionality pursuant to the Regulation of the Minister of Finance of 12 December 2003, was launched on 20 July 2007.

Production implementation of functionalities allowing the Bank to automate work in branches as regards foreign payment in the O-IIS system, version 2.1 – took place on 25 August 2007.

Another software release – version 2.1 – was related, among other requirements, to the implementation of solutions required by IAS 39 and the New Capital Accord, and

the functionality concerning restructuring of amounts due. It was implemented on 24/25 November 2007.

Work was on progress as regards the development for versions 2.2 and 2.3, the implementation of which is planned in 2008.

### Product conversion

The most important task of the project was to prepare and to carry out in 2007 product conversion of some instances of the Zorba system used in the Bank, while the instance of the 6<sup>th</sup> Branch in Warsaw was treated as the pilot one. Preparation for implementation consisted in carrying out periodical test conversions (conversions were carried out each weekend), iterative improvement of the software and the quality of data of the converted Zorba system instance, and preparing employees of the implemented units to use the O-IIS System. The final stage of preparations was a test of the operational readiness of the Bank for implementation, carried out on 8-11 May 2007. A pilot product conversion of a Zorba system instance used in the group of the 6<sup>th</sup> Branch in Warsaw (branches 6, 13, 32 and 53) was carried out on 11-13 May 2007.

After the end of the 3-month test operation, after pilot implementation of the 6<sup>th</sup> Branch group to the O-IIS, mass implementations were started; and on 8-9 September 2007, a conversion of the Zorba instance of the 2<sup>nd</sup> Branch in Warsaw group was carried out.

### Mass implementation

The Rollout Office, created in June 2007 in order to support the mass implementation process, has been actively participating, since September, in all 21 conversions of the autumn sessions.

Dates of mass implementation of the O-IIS in individual branches, regional corporation branches and other organizational units of the Bank and in the agencies were specified in the "Schedule of Implementations", accepted by the IIS Steering Committee.

21 Zorba 3000 instances were converted in the "autumn 2007" phase, during eight weekends. Over 3.2 m accounts were converted. As of the end of 2007, 277 branches, 517 agencies and over 5,500 employees were using the O-IIS.

The CSS was implemented concurrently with works carried out within the IIS. By the end of September, the CSS had been launched in all 1243 branches of the Bank and

the conversion was carried out as regards all products covered by the functionality of the CSS application.

The IIS Steering Committee, on 5 November 2007, accepted the sequence of implementation for individual regions, as well as a detailed schedule of implementations by 24 May 2008 (8 first conversion weekends), and recognized the schedule after 24 May as a preliminary version. The training will involve approximately 20 thousand employees.

One of the key elements of mass implementations is an active system of employee training; accordingly, the complex system of training was developed.

#### Executing Annexes to the Agreement for Provision and Implementation of the IIS

Changes provided by Annex No. 2 are to integrate provisions of Annex No. 1 and Agreements and Change Request with the provisions of the Agreement; they also introduce additional arrangements between the Parties.

Annex No. 2 was executed on 30 July 2007.

As a result of the Bank's ordering a new functionality in the O-IIS required for business development, it was necessary to execute Annex No. 3, which was effected on 21 December 2007.

In the period under discussion, the Bank carried out the O-IIS implementation project in line with the schedule. At the same time, it responded to a new demand of business units for system functionality necessary to carry out the adopted strategy of the "New Opening". After "autumn phase" conversions, which were conducted efficiently and in accordance with the plan, the Bank is prepared to continue this process in 2008.

The Supervisory Board of the Bank – pursuant to Art. 382 § 3 of the Commercial Companies Code – having evaluated the *Report of the Management Board of the Bank on the activities of PKO BP S.A. for 2007*, including information on the activities of the Management Board as a governing body, presented a positive opinion on the draft resolution of the Ordinary General Meeting on approving the *Report of the Management Board of the Bank on the activities of PKO BP S.A. for 2007*.

### Evaluation of the financial statements

The Supervisory Board of the Bank heard the opinion of the chartered auditor appointed to audit the financial statements of the Bank on the economic and financial situation of the Bank. The Supervisory Board agrees with the opinion of the auditor.

The Supervisory Board of the Bank – pursuant to Art. 382 § 3 of the Commercial Companies Code – having evaluated the Financial statements of PKO BP S.A. for 2007 and having heard the opinion of the auditor, presented a positive opinion on the said financial statements as prepared in accordance with the accounting records and documents and the facts. The Supervisory Board presented a positive opinion on the draft resolution of the Ordinary General Meeting on approving the *Financial Statements of PKO BP S.A. for 2007*.

The positive evaluation of the *Report of the Management Board of the Bank on the activities of PKO BP S.A. for 2007*, and the *Financial Statements of the Bank for 2007* is the basis for presenting a positive opinion on the draft resolution of the Ordinary General Meeting on the acknowledgment of the due fulfilment of duties by members of the Bank Management Board in 2007.

The Supervisory Board maintains its negative opinion on the existing system of remuneration and the system of incentives for the members of the Bank Management Board as established under the Act on Remunerating Persons Managing Certain Legal Entities of 3 March 2000 (Dz.U. No. 26, item 306).

### Evaluation of the motion on distribution of profit earned by the Bank in 2007

Due to the challenges the Bank will face in connection with the implementation of the *Bank's Strategy for the years 2007-2012*, the New Capital Accord, implementation of the IIS and the pending modernisation of the Bank, the Bank Supervisory Board supports the motion of the Management Board on the proposed distribution of the net profit earned in 2007 in the amount of PLN 2,719,991,000 as follows: PLN 1,090,000,000 as dividend to the shareholders, PLN 1,624,991,000 to the reserve fund, and PLN 5,000,00 to the capital reserves.

## 2. REPORT ON THE ACTIVITIES OF THE SUPERVISORY BOARD AS A GOVERNING BODY

### 1) Co-operation with the Management Board of the Bank

The Supervisory Board of the Bank, in the current composition, acknowledges the opinion of the Supervisory Board acting in its composition as by 26 February 2008, that the co-operation with the Bank Management Board during the period under consideration had the form of a positive and constructive discussion, and it agrees with the opinion that the Bank Management Board had a significantly positive effect on the results of the Bank.

At the same time, the Supervisory Board, acting in the composition as by 26 February 2008 – taking into account the challenges the Bank is facing, the need to prepare a new, long-term Bank Strategy and resignations submitted at the end of 2006 and at the beginning of 2007 by a few members of the Bank Management Board from their functions, continued in 2007 the process of forming a new composition of the Bank Management Board, initiated on 29 December 2006.

Consequently, the Supervisory Board, following the guidelines provided in the Regulation of the Council of Ministers of 18 March 2003 *on conducting qualification procedure for the position of a member of the management board in some commercial companies*, carried out three qualification procedures in 2007 in order to select the president and vice-presidents of the Management Board of PKO BP S.A. During these procedures, the Supervisory Board also used the services provided by an HR consultancy company.

As a result of

- the first qualification procedure carried out between 29 December 2006 and 22 February 2007, two candidates were selected for the positions of vice-presidents of the Management Board of PKO BP S.A., who at the request Mr. M. Głuchowski, the acting president of the Management Board, were appointed to the Bank Management Board: Mr. Robert Działak on 23 February 2007, as responsible for the Retail Banking Area and Mr. Stefan Świątkowski on 1 May 2007, as responsible for the Risk and Debt Recovery Area;
- the second qualification procedure, carried out between 22 February 2007 and 9 May 2007, (the date of completing the procedure as regards the positions of vice-presidents) and 17 May 2007 (the date of completing the procedure as

regards the position of the president), no candidates for the president or vice-presidents of the Management Board of PKO BP S.A. were selected;

- the third qualification procedure, carried out between 17 May 2007 and 20 June 2007, (the date of completing the procedure as regards the position of the president) and 9 January 2008 (the date of completing the procedure as regards the positions of vice-presidents), the Supervisory Board of the Bank on 20 June 2007 entrusted the function of the vice-president of the Management Board to Mr. Rafał Juszcak, who on 8 August 2007 obtained an appropriate approval of the Banking Supervision Commission. Furthermore, the Supervisory Board selected two candidates for vice-presidents of the Management Board of PKO BP S.A., who at the request of Rafał Juszcak, the acting President of the Management Board, were appointed to the Management Board of the Bank: Mr. Adam Skowroński (on 23 July 2007) as responsible for the Finances Area, Mr. Mariusz Klimczak (on 15 July 2007), responsible for the Corporate Banking Area, Ms. Berenika Duda-Uhryn (on 10 September 2007) as responsible for the Human Resource Management Area and Ms. Aldona Michalak (on 1 July 2007) as responsible for the Quality Management Area.

## 2) The most important areas of interest to the Supervisory Board

▪ Information on the meetings of the Supervisory Board and the number of resolutions adopted

In 2007, the Supervisory Board held in total 14 meetings recorded in the form of minutes (including two 3-day meetings and one 2-day meeting) on the following dates: 10 January, 24-26 January, 31 January, 22 February, 21-23 March, 2 April, 20 April, 9 May, 30 May, 21-22 June, 26 July, 19 September, 9 November and 14 December.

In 2007, the Supervisory Board of the Bank adopted 87 resolutions.

The list of the resolutions is attached to this report.

▪ Information on the Supervisory Board members' attendance at the meetings and the resolutions on excused and not excused absences

All absences of the Supervisory Board members at the meetings in 2007 were excused by the resolutions of the Supervisory Board Nos.: 51/2007, 57/2007, 64/2007, 75/2007, 82/2007 and 85/2007; this relates to the absences of three Supervisory Board members at six meetings.

▪ Information on implementation of resolutions of the General Meeting concerning the activities of the Supervisory Board and co-operation with the Ministry of State Treasury

PKO BP S.A. implemented the resolutions of the General Meeting of Shareholders. Pursuant to resolution No. 44/2006 of the Ordinary General Meeting of 18 April 2006, the Supervisory Board supervised the disposal by the Bank of certain hotels and offsite training centres listed therein.

Furthermore – following the instructions of the Ministry of State Treasury – the Supervisory Board attached information on implementation of the Integrated Information System to the quarterly information of the Company provided to the Ministry.

- Monitoring the increase of the average monthly salary

The Supervisory Board of the Bank monitored the salary level at the Bank on an ongoing basis. The average salary increase rate at PKO BP S.A. in 2007 was 8.07 %, <sup>1</sup> out of which: 3.54 % results from the payment of salaries at the level higher than the salaries paid in the preceding year, including pay rise as of 1 March 2007 and 4.53 % - from the reduction of the employment level.

- Performance of the reporting duties

The Supervisory Board of the Bank regularly submitted the *Quarterly information on the Company* to the Ministry of State Treasury.

- Participation of the Supervisory Board members in special trainings and seminars and other information on the work of the Supervisory Board

Report on the activities  
of the Audit Committee of the Supervisory Board in 2007

Basis: Resolution No. 48/2006 of the Supervisory Board of 19 December 2006 on By-Laws of the Audit Committee of the Supervisory Board.

The Audit Committee of the Supervisory Board, hereinafter referred to as the "Committee", appointed by the Resolution No. 48/2006 of the Supervisory Board of 19 December 2006, was established for the purpose of continuous exercise of supervision over financial audit of the Bank and the Bank Group. The Committee's responsibilities include, in particular:

- 1) supervision over proper implementation of financial reporting principles,
- 2) monitoring of work of the Bank's auditors,
- 3) presentation to the Supervisory Board of recommendations with respect to appointment and remuneration of the Bank's auditors,
- 4) review of periodic and annual financial statements of the Bank (single and consolidated), with special regard taken of:
  - any changes in accounting standards, principles and practices;
  - main areas subject to assessment;
  - significant adjustments resulting from audit;
  - going concern statements;
  - compliance with prevailing regulations related to bookkeeping,
- 5) discussion of all problems, objections and doubts arising from audit of financial statements,
- 6) analysis of Management Letters from the auditor to the Bank Management Board and of Management Board's answers,
- 7) preparation for the Supervisory Board of recommendations regarding evaluation of the Management Board's motions on the distribution of profit (in particular dividend policy) and the issue of securities,
- 8) review of management accounting system,
- 9) performance of advisory and opinion making activities for the Supervisory Board with respect to the Bank's financial audit.

In performance of its responsibilities stipulated by the By-Laws, the Committee held 7 meetings in 2007. The meetings were held cyclically, at least once in two months. During its work the Committee dealt mainly with the following issues:

- 1) review of periodic and consolidated financial statements of the Bank (single and consolidated), including:
  - a) the single financial statements of the Bank and the consolidated financial statements of the Bank Group for the year 2006,
  - b) the interim financial statements of the PKO BP S.A. Group for the 2<sup>nd</sup> quarter of 2007,
  - c) the consolidated financial statements of the PKO BP S.A. Group for 6 months ended on 30 June 2007, expanded with the summary financial statements of PKO BP S.A. for 6 months ended on 30 June 2007,
  - d) the interim financial statements of the PKO BP S.A. Group for the 3<sup>rd</sup> quarter of 2007,
- 2) analysis of the Management Letter from the auditor to the Bank Management Board regarding audit of the financial statements for the year ended 31 December 2006 and of comments of the Bank Management Board,
- 3) review of works related to implementation of the requirements of the New Capital Accord (Basel II) at the Bank.

*1. Review of periodic and annual financial statements of the Bank (single and consolidated).*

As part of its review of periodic and financial statements of the Bank (single and consolidated), the Committee focused mainly on problematic issues identified during preparation of those statements by the Bank and during their verification by the Bank's auditor, Ernst & Young Audit sp. z o.o. Such issues related, first of the all, to the following provisions:

- actuarial provision for future liabilities against the Bank's employees under retirement and disability pension severance pays and bonus awards,
- provision for future liabilities against the Bank's employees under compensations and severance pays to employees whose employment is

terminated for reasons not lying on the part of employees (the so called restructuring provision),

- provision for complaint performances,

as well as write-offs due to impairment of certain fixed assets and intangible assets.

In order to discuss and explain the above issues, the Committee:

- analysed documentation regarding particular issues,
- held talks with the auditor and the Bank's representatives, including the Management Board Member supervising the Finance, Accounting and Settlement Area and the Head of Accounting and Settlement Division at the Bank. For the purpose of analysing the provision for future liabilities against the Bank's employees under retirement and disability pension severance pays and bonus awards, the Committee made itself familiar with explanations of actuaries providing valuation of the Bank's benefits for 2006 and 2005.

With respect to the consolidated financial statements of the PKO BP S.A. Group for 6 months ended on 30 June 2007, expanded with the summary financial statements of PKO BP S.A. for 6 months ended on 30 June 2007 the Committee:

- 1) continued the analysis of issues examined during review of the financial statements for the year 2006, with special regard taken of changes occurring in particular areas,
- 2) made itself familiar with new issues, relating to the first 6 months of 2007, covering first of all:
  - the recognition of revenues under the Bank's intermediation in the sale of insurance,
  - the functioning of the IIS implemented at the Bank.

As part of review of the financial statements for particular reporting periods, the Committee also analysed the Bank's results and financial ratios, with special regard taken of development of individual items of the financial result (first of all: interest income and expenses, costs of making write-offs revaluating receivables, income under commissions and charges, administrative expenses) and the level of solvency ratio showing a declining tendency in particular periods. The Committee made itself

familiar with measures taken by the Bank with a view to increase the solvency ratio, including a scheme for the issue of the Bank's subordinated bonds.

As a result of its review the Committee did not make any objections to the financial statements presented by the Bank.

*2. Analysis of the Management Letter from the auditor to the Bank Management Board regarding audit of the financial statements for the year ended 31 December 2006 and of comments of the Bank Management Board.*

As part of the work connected with analysis of the Management Letter from the auditor to the Bank Management Board regarding audit of the financial statements for the year ended 31 December 2006 and of comments of the Bank Management Board, the Committee made itself familiar with the "Recommendations to the Bank Management Board from audit of the financial statements for the year ended 31 December 2006" prepared by the auditor.

The Committee made it also familiar with measures adopted by the Bank with a view to implement recommendations presented by the auditor.

The Committee made no objections to the analysis presented.

*3. Review of works related to implementation of the requirements of the New Capital Accord (Basel II) at the Bank.*

As part of its review of works related to implementation of the requirements of the New Capital Accord at the Bank, the Committee met with representatives of the Bank Risk Division, including the Head managing the Bank Risk Division. The Committee made itself familiar with a degree of the Bank's readiness to comply with obligations arising from the New Capital Accord in 2008, with special regard taken of actions taken and to be taken in the areas where the said regulations will be implemented.

The Committee made no objections to the materials presented.

Report on the activities  
of the Bank's IT Infrastructure Development Committee in 2007

Legal basis:

- The Bank's IT Infrastructure Development Committee was established pursuant to the Resolution No. 45/2006 of the Bank's Supervisory Board of 30 November 2006 in order to supervise the functioning of the IT and telecommunications facilities at the Bank.
- The report was prepared pursuant to Section 3.3 of By-Laws of the Bank's IT Infrastructure Development Committee of the Supervisory Board of PKO BP S.A.

Report

As part of its activities the Bank's IT Infrastructure Development Committee held 7 meetings (over the time between 23 January 2007 and 30 November 2007).

At the above meetings the following issues regarding the Bank's IT and telecommunications infrastructure were discussed:

- **Implementation of the Integrated Information System**
  - ✓ The current status of implementation of the Bank's Integrated Information System was discussed extensively.
  - ✓ At each meeting of the Bank's IT Infrastructure Development Committee a report was presented (by the Head of IT Management Department) on the objectives reached in the process of implementation of the Bank's Integrated Information System and any problems appearing in that process.
  - ✓ Members of the Bank's IT Infrastructure Development Committee were informed on an ongoing basis with respect to plans and any threats appearing in the course of their execution (by phone, SMS or by e-mail).
- **Status of implementation and threats with respect to main (priority) IT and telecommunications projects:**
  - ✓ IAS and New Capital Accord
  - ✓ IT strategy
  - ✓ Replacement and modernisation of ATMs

- ✓ Flexcube upgrade
- ✓ Review of Oracle licenses (ordering the status of licences at the Bank)
- ✓ Centralised Settlement System (SSR) and implementation of an integration platform (ESB)

With respect to the above projects the Bank's IT Infrastructure Development Committee received from time to time (until the project closing) short information.

- **Principles of functioning of IT Division units:**

- ✓ Data Processing Centre (based on detailed presentation and site inspection at ul. Wólczyńska)
- ✓ Application Development Department (based on detailed presentation)

- **Aspects connected to IT contracts**

- ✓ Problems with an agreement with DELL
- ✓ Agreement consolidating obligations between the Bank and IBM with respect to services and software (Enterprise Licence Agreement - ELA)

The Bank's IT Infrastructure Development Committee of the Supervisory Board of PKO BP S.A. received information on the execution of the investment plan and planned costs of information technology and telecommunications facilities.
